Maybe even better than free.

You decide who you want to share your files with. There are no restrictions on the number of times a file can be downloaded. Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. If only we could, we surely would! On the other hand, using file can actually save you money. Alternatively you can choose to share your download links on blogs, forums and social networking sites. So try our free and simple filehosting service now. filehosting provides an easy possibility for you to send large files to your friends. Any file in anyformat can be uploaded and downloaded for free. It is also allowed to link to the download page from websites and communities. Keep your files private, orsend your download links only to friends or family. You don't need any special software installed to be able to download your files. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Using file, you can circumvent those limits withoutpaying to upgrade your team chat service. The cost of that data transfer is covered by your internet service or the data plan on your phone. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. Simply upload your file and share the link. File is free to use with no gotchas and no hiddenfees. We have no file size limit. Our service is completely free for everyone. Unfortunately, we can't make that part free. When you use file, you avoid storingthe file you're sending in your cloud storage or mail server. You can upload any type of file (movies, music, documents, images, zip files and more). Files canbe downloaded from any computer from our high speed servers. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. No account or credit card is required to get started. You can givethis download link to your friends by mail or instant messenger.
