Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. Our service is completely free for everyone. It is also allowed to link to the download page from websites and communities. You don't need any special software installed to be able to download your files. No account or credit card is required to get started. Just upload the file you want to share with your friends and we send you a download link to your file. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Simply upload your file and share the link. We have no file size limit. The cost of that datatransfer is covered by your internet service or the data plan on your phone. filehosting provides an easy possibility for you to send large files to your friends.You can upload any type of file (movies, music, documents, images, zip files and more). You can give this download link to your friends by mail or instantmessenger. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. File is free to use with no gotchas and no hiddenfees. Any file in any format can be uploaded and downloaded for free. You decide who you want to share your files with. Unfortunately, we can't make thatpart free. Keep your files private, or send your download links only to friends or family. Why pay storage fees for a file that you just wanted to send to a friendor colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. If only we could, we surely would! On theother hand, using file can actually save you money. Using file, you can circumvent those limits without paying to upgrade your team chat service. This is easy,fast and reliable filehosting! You don't need any kind of premium-accounts. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. So try our free and simplefilehosting service now. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Filescan be downloaded from any computer from our high speed servers.
