Maybe even better than free.

Keep your files private, or send your download links only to friends or family. Files can be downloaded from any computer from our high speed servers. Alternatively you can choose to share your download links on blogs, forums and social networking sites. It is also allowed to link to the download page from websites and communities. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred betweenyour computer or phone and our servers, then from our servers to your friends device. Just upload the file you want to share with your friends and we send youa download link to your file. You decide who you want to share your files with. Our service is completely free for everyone. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. File is free to use with no gotchas and no hiddenfees. No account or credit card is required to get started. Simply upload your file and share the link. The cost of that data transfer is covered by your internetservice or the data plan on your phone. If only we could, we surely would! On the other hand, using file can actually save you money. Any file in any formatcan be uploaded and downloaded for free. You can give this download link to your friends by mail or instant messenger. You don't need any special softwareinstalled to be able to download your files. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Why pay storage fees for a file that you just wanted tosend to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. We have no file size limit.There are no restrictions on the number of times a file can be downloaded. Using file, you can circumvent those limits without paying to upgrade your teamchat service. You can upload any type of file (movies, music, documents, images, zip files and more). filehosting provides an easy possibility for you to sendlarge files to your friends. So try our free and simple filehosting service now.
