You can upload any type of file (movies, music, documents, images, zip files and more). Files can be downloaded from any computer from our high speed servers. So try our free and simple filehosting service now. Using file, you can circumvent those limits without paying to upgrade your team chat service. You decide who you want to share your files with. Any file in any format can be uploaded and downloaded for free. Keep your files private, or send your download links only to friends or family. You don't need any special software installed to be able to download your files. It is also allowed to link to the download page from websites and communities. Just upload the file you want to share with your friends and we send you a download link to your file. No account or creditcard is required to get started. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. If only we could, we surely would! On the other hand, using file can actually save you money. You can give thisdownload link to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. There are no restrictions on the number oftimes a file can be downloaded. The cost of that data transfer is covered by your internet service or the data plan on your phone. Our service is completely freefor everyone. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files thatcan be transferred within their apps. We have no file size limit. Alternatively you can choose to share your download links on blogs, forums and soc
