PUBLIC RECORDS
Supervisor

Dear Students and Friends of Texas College:
I pray this correspondence finds you and your family safe and in good health during these unprecedented times. I also hope that the many districts of the world have not become overwhelmed in ways that impinge upon your remaining convictions of our rights and obligations as individuals and as a society. As a college student, I am particularly concerned for minority groups, for historically, voting was not guaranteed to all and was often disregarded and denied. As a college student, I am particularly concerned for the right to vote. I believe that the right to vote allows your voice, your interests, and your concerns to be heard and represented when making decisions that affect you.

At the core of Texas College's mission is the assertion of individual's comprehensive development that empowers life-long learning, leadership, and service. Such development and empowerment is best achieved through the encouragement of personal growth and the cultivation of political affiliation, the College values and encouraging active social responsibility in the global community. As a college student, I am particularly concerned for the right to vote regarding voter registration in Texas for the upcoming 2020 General Election. Additionally, I am concerned for the right to vote in the 2020 Presidential election.

Please note that Texas College does not endorse, individual candidates or political parties. However, the College does strongly encourage our students, staff and community of friends to participate in the democratic process by visiting your local election office or by visiting www.votesmart.org to register to vote online. Please strongly urge your active participation this November.

In closing, I pray blessings upon you and your family. I also encourage you to remain safe, vigilant and supported with the wisdom of God.

Sincerely,
Dwight J. Fenell
President
